

## **SiteToolSet.com Announces DNNPM - A Power Project Management Module**

Dallas, Texas. August 24<sup>th</sup> 2009.

SiteToolSet.com LLC is pleased to announce the launch of its newest module, DNNPM. This is a significant new addition to our strong library of existing DNN modules. Our mission has always been to provide our customers with outstanding quality software and tools to empower your business.

DNNPM will make it easier to track tasks, clients, time document and other project related information. With it, you will be able to:

- Organize all your project related data
- Manage client and project related documents
- Manage dates, upcoming events, and tasks
- Enable your team members to keep track of their tasks, due dates and time
- Set up interactive topic discussions
- Connect clients into your organization

The DNNPM module is easy and intuitive to use and will help to improve team productivity and communication. A free trial is available.

Visit our website [www.dnnprojectmodule.com](http://www.dnnprojectmodule.com) to learn more.
