

SiteToolSet.com Launches Multiple New International Web Presences for Quadrem (www.quadrem.com)

Dallas, Texas – December 3rd, 2009

SiteToolSet.com is proud to announce the launch the several new international web sites for Quadrem. The goal of this initiative was to build multiple local language web sites for their international subsidiaries. This sites are built utilizing DotNetNuke.

Key tasks for the project included:

1. Updates to the existing corporate web site – www.quadrem.com
2. Development and launch of the Mexico web site - <http://www.quadrem.com.mx/>
3. Development and launch of the Europe web site - www.quadrem.eu
4. Development and launch of the Australian web site - www.quadrem.com.au
5. Development and launch of the Australian suppliers focused web site - www.quadremsupplyleaders.com.au

In addition to these web sites, we also have the Peru and South American web sites in the process of being completed.s

SiteToolSet.com is focused on building powerful and effective web solutions based on DotNetNuke, Joomla, ASPDotNetStoreFront, VirtueMart and other tools. Combining our strong library of skins and modules along with our talented developers, we create e effective solutions for our clients.
