

## SiteToolSet.com launches VGCgames.com

Dallas, Texas. August 24<sup>th</sup> 2009.

SiteToolSet.com is proud to announce the launch of the new gaming web site vcgames.com. This site is built on DotNetNuke and utilizes several of our DotNetNuke modules which have been customized to for VCG Games. Key site features include:

- Flash gallery module that rotates and displays images
- Forums for interaction between site members
- Video game reviews by members
- PayPal payments for registration
- Our Knowledgebase module is the engine behind the review system

The design processes included a complete mockup and design process including user interaction and key content screen designs.
